

**RESOLUTION RECOGNIZING & HOLDING THE U.S. GOVERNMENT FINANCIALLY & CRIMINALLY RESPONSIBLE FOR CONSTITUTIONAL AND TREASONOUS VIOLATIONS TO TEXAS AND ITS CITIZENS  
Paul Anthony Hale 2024 SREC SD1, Passed 8-1-24**

**WHEREAS**, the current administration of President Joseph R. Biden, together with the power of implementation by Secretary of the Department of Homeland Security Alejandro Mayorkas, and the subordinate organizations of the Department of Homeland Security, with their associated leadership, has since the beginning of this administration in January 2021, maintained a policy of an open border, which is in direct contravention to established federal law, and

**WHEREAS**, this open borders policy has allowed the invasion of multiple millions of illegal aliens, with a massive negative economic impact to Texans, and furthermore, among those illegal aliens are known terrorists from nations hostile to the United States, narcoterror agents from the drug cartels operating on both sides of the United States border, and violent criminals, some of whom are being imported directly from the prisons of certain central and south American countries, and

**WHEREAS**, this shortsighted, intentionally malevolent policy to maintain an open, porous border by the federal government, under the direct leadership of President Biden, and under the implementation by Director Mayorkas, has led directly to the proliferation of criminal violence by malevolent persons illegally present in the United States of America, and

**WHEREAS**, reporting by the federal Customs and Border Protection, available at <https://www.cbp.gov/newsroom/stats/cbp-enforcement-statistics/criminal-noncitizen-statistics>, documents the significant rise in violent criminal activity by those unlawfully present in this country, and a comparison of the incidence of criminal convictions from fiscal years 2017-2020 to fiscal years 2021-current (FY2024 YTD) conclusively demonstrates the alarming and scandalous increase in criminal activity by illegal aliens, to wit: assault and battery offenses by illegal aliens have increased from 1,723 to 4,442 (increase of 158%), illegal drug offenses have increased from 2,955 to 7,657 (increase of 159%), illegal weapons offenses have increased from 394 to 1,138 (increase of 189%), sexual offenses have increased from 431 to 1,317 (increase of 206%), and homicide/manslaughter offenses have increased from 11 to 174 (increase of 1,482%), and

**WHEREAS**, this administration and its leadership bear direct, tangible, functional, and material responsibility for the economic burden of their irresponsible open borders policy, as well as the massive increase in criminal activity against the citizens of the United States, and the news is rife with new stories coming out almost daily, of yet another child raped and murdered, or another citizen viciously attacked, or another drunk driving homicide, perpetrated by someone that this administration has, with callous disregard for national security and the individual safety of our citizens, intentionally, willfully, and purposely allowed to enter and remain in our country,

**NOW THEREFORE, BE IT RESOLVED**, that the State Republican Executive Committee of the Republican Party of Texas urges, on behalf of those who elected us, and who elected our Republican Representatives, Senators, Lt. Governor, Governor, and Attorney General, to produce a retroactive accounting of the costs that our state of Texas has incurred to defend our border with the nation of Mexico since 10:49 am on January 20, 2021, which is the exact time that Joe Biden took office as President of the United States of America, and

**BE IT FURTHER RESOLVED**, this accounting shall include but not be limited to the costs of the deployment of troops and citizens, and costs to administer the legislative writs and acts implemented in Texas to mitigate the deleterious effects of the negligence of the U.S. government, the costs of the executive actions of the Texas Governor in authorizing the various responses, including, but not limited to, bussing of illegal aliens and invaders to sanctuary cities inside and outside of Texas, the deportation of illegal aliens and invaders, damages caused to public and state property, the costs to our state, our counties, and our cities in managing the massive influx of aliens and invaders, including the necessity of hiring additional staff, equipment, the costs of incarceration, and

**BE IT FURTHER RESOLVED**, that the State Republican Executive Committee will document and bring grievances to the Texas Governor, Lt. Governor, Attorney General, and the Legislature on behalf of our Texas citizens who have been harmed by the negligence of the U.S. Government, by cause of property damage, and/or injury to or death of, loved ones due to violent crimes by illegal alien invaders, as well as documenting the grief, stress, and costs to Texas citizens for defending their private properties, including homes, possessions, or lands, and

**BE IT FURTHER RESOLVED**, on behalf of the Republican Party of Texas, and for the people of Texas, we urge to the Texas Legislature and our Texas Governor to publicly recognize that President Joseph R. Biden, Homeland Security Secretary Alejandro Mayorkas, and all those federal employees subordinate to both, who bear responsibility together with them in the willful abdication of their obligation to protect our citizens and operate our borders in accordance with existing federal legislation, be declared as treasonous in their willful acts against the citizens of Texas, as we know with incontrovertible proof that our U.S. Government was and still is, not only negligent in its duties to protect the people of Texas, but in wrongful deed encouraged, enabled with instruction, and even financed the foreigners who illegally invaded our state, attacked and assaulted our citizens, and are actively destroying part of our culture, and

**BE IT FINALLY RESOLVED**, following these true accusations we demand the federal government of the United States fully reimburse the state of Texas for all damages incurred, financial and otherwise, and to seek the prosecution of Joseph R. Biden and Alejandro Mayorkas, and all those who assisted them in their crimes against our state and nation, and we implore our entire

legislature to support our Attorney General in filing the necessary lawsuits, for the purpose of tangibly demonstrating to the people of Texas that justice still exists in our state, and we ask these things on grounds of the US Constitution, **Section 4 of Article 4**, standing firm in the authority of We the People, our state's rights, and our God-given rights, recognized by our founding fathers who stood firm, and stood strong, leading with the courage and patriotism so desperately and critically necessary in the face of the existential threats of proliferating tyranny. We the **State Republican Executive Committee**, and the people of Texas, insist that our Republican-led legislature deliberately act with the same courage and conviction of our forbears, without delay, hearing the voice of We the People, as we need justice to be served, in order that justice may retain any rightful meaning for our posterity.
